

minijuego.h

```
graph BT; juego.cpp --> minijuego.h; main.cpp --> minijuego.h; minijuego.cpp --> minijuego.h
```

A diagram illustrating the relationship between three C++ source files and a common header file. At the top is a gray rectangular box labeled 'minijuego.h'. Below it are three white rectangular boxes: 'juego.cpp' on the left, 'main.cpp' in the center, and 'minijuego.cpp' on the right. Three blue arrows point from each of these three boxes up to the 'minijuego.h' box, indicating that all three source files include this header file.

juego.cpp

main.cpp

minijuego.cpp
